

### Why vote for Sue Day

- My first notice of motion was to request funding for a footpath on Factory Road Regentville. Pleasingly, funding was approved this year.
- After many representations made on behalf of concerned residents, Racecourse Road is now on the list for Black spot funding.
- My Notice of motion was unanimously supported in writing to the NSW Transport Minister to fund an updated feasibility study for a shuttle bus and 2<sup>nd</sup> level bus routes (express buses) in Penrith.
- I was successful in getting the footpath extension at Jamison Park Dog park so Bus stop is also accessible.
- After representation from residents I advocated for the small dog park at Jamison Park, I'm proud to say that it's now fully operational and is a roaring success.
- Fully supported the increase in funding to fix the rural drainage systems.
- I was successful to get funding for a much needed path at Wallacia progress Hall.
- Successful in getting the disabled parking spaces constructed at the synthetic sports field and the pathway connected between the community hall and sportsfield.
- I have made formal representations on behalf of over 150 residents to assist.
